CAMPAIGN FOR
REAL RECYCLING

Making the most of our Waste Resources - Asks

- Department for Environment, Food and Rural Affairs (Defra) to publicly support greater separation of materials at the kerbside
- Defra to institute carbon footprinting as a central plank of local authority reporting on their recycling and waste diversion efforts;
- Local authorities to examine and debate the financial and environmental sense of their recycling collection methods

CAMPAIGN FOR
REAL RECYCLING

Making the most of our Waste Resources - Update

- Good reaction from Press & Industry
- Disappointing Reaction from LARAC
- Expected response from Waste Management ?
- Jessica Morden MP pledges support to the campaign
- Encouraging noises from DEFRA, Wales and hopefully soon Scotland
